Portfolio: https://diegopardo.vercel.app

I am a software developer with experience in developing interactive and scalable applications. I have worked on different projects using technologies such as TailwindCSS, TypeScript, ReactJS & Astro, and I have a solid knowledge of frameworks such as NextJS building dynamic user interfaces. On the backend, I have experience with Express and NestJS, as well managing relational and non-relational databases, using ORM such as Sequelize, TypeORM or Mongoose to optimize interactions with databases.

Skills

- TailwindCSS
- TypeScript
- ReactJS
- NextJS
- Express
- PostgreSQL
- MongoDB
- Sequelize
- TypeORM
- CI/CD
- Docker
- Redis

Education

In Progress
Computer Science Engineering
Don Bosco University

Nov 2021
Software Development Technician
Ricaldone Technical Institute

Experience

Nov 2024 - Current
Software Engineer
Illuminodes

Sep 2025 - Current
Founder & Lead Developer
QuickStack

Courses

FullStack con Node.js y TypeScript: inc. Express, React, Next.js y NestJS
Udemy

Desarrollo Web Completo con HTML5, CSS3, JS, AJAX, PHP y MySQL
